# REDEFINING PAK-US RELATIONS

**D**ogra family was the ruler of Kashmir through the treaty of Amritsar of 1846. Kashmir was a princely state under the suzerainty of the British Empire. The life of the Muslim population of Kashmir was very miserable under the oppressive and tyrannical rule of Dogra rulers. There were separate laws for Muslims and non-Muslims, even capital punishment was granted on cow slaughter. Heavy taxes were imposed and there were many kinds of taxes. According to Walter Lawrence, "Army was employed in forcing the villagers to plough and sow, and worse still, the soldiers came at harvest time and when the share of the state had been seized" and "there was very little grain to tide the unfortunate peasants over the cruel winter." The Muslim population in Kashmir was against the rulers because of these and many other barbaric acts. On 21 July 1924 the "Resham Khana" (Silk Factory) incident was first public awakening against this regime. It was an industrial unit in Srinagar having 5000 workers. The workers protested against low wages given to them out of which corrupt Hindu officers took a substantial scheme of their bribe. This uprising was crushed by Dogra Cavalry, which killed Muslims with both bayonets and bullets, trampling upon their dead bodies, to have the satisfaction of complete job. Police had arrested 21 leading workers. The second incident was a ban on Eid Khutba on 29 April 1931. A police official Stops the Khutba or sermon at a congregational religious service of Muslims in Jammu on the ground that it aloud with the Quranic passage about Moses and the Pharaoh and thus indirectly advocates seditions. Protest by worshipers in Jammu was led by Ch Ghulam Abbas. Expressions of vehement disapproval of police action in Srinagar and major towns. The third incident was the desecration of the Holy Book "Holy Quran". Police constable Fazal Dad was reciting a verse from the Holy Quran (Punj Sura), was accosted by the head warder of central jail Jammu for being late to attend his duties. The constable put away the holy book under his pillow and rolled his bedding. Labu Ram sub-inspector who was accompanying the warder threw away his bedding. The Muslim constable protested that this was the deliberate desecration of the Holy Quran. The sub-inspector was devilish enough to kick it.

A public meeting convened on 21 June 1931 in the compound of Khanqa-i- Mulla to choose the representatives of Kashmiri Muslims. Seven representatives were elected, Khwaja Said-ud-Din Shawl, Mir Waiz Yousuf Shah, Mir Waiz Hamdani, Agha Syed Hussain Shah jalini, Khwaja Ghulam Ahmed Ashai, Sheikh Muhammad Abdullah & Munshi Shahb-ud-Deen. At the end of the meeting, Abdul Qadeer delivered a

speech against the ruler Maharaja and he was arrested. Due to large public resentment, the trial court of Abdul Qadeer was shifted to Central Jail Srinagar. On 13 July 1931, thousands of people thronged the Central Jail Srinagar to witness the trial. As

Raja Muhammad Sajjad Khan

the time for obligatory prayer approached, a young Kashmiri stood for Azan. The Dogra Governor, Ray Zada Tartilok Chand ordered soldiers to open fire at him. When he got martyred, another young man took his place and started Azan. He was also shot dead. In this way, 22 Kashmiris embraced martyrdom in their efforts to complete the Azan. The people carried dead and paraded through the streets of Srinagar, chanting slogans against Dogra brutalities.

A complete strike was observed in Kashmir and traffic from Srinagar to Jammu and Rawalpindi came to a halt from 13 to 26 July 1931. The martyrs were Ghulam Mohammad Halwai 25 years Jamia Masjid, Abdul Khaliq Shora 33 years Wazapura, Ghulam Nabi Kalawal 27 years Pandan, Ghulam Mohammad Soofi 20 years Daribal, Ghulam Qadir Butt 22 years Mohalla Bah and in, Mohammad Ramazan 19 years Khanyar, Mohammad Usman 20 years Kalashpura, Ghulam Mohammad Naqash 22 years Kani Kadal, Ghulam Rasool Darzi 23 years Ahmeda Kadal, Amir Joo Jandagaroo 27 years Gojwara, Abdul Ahad 23 years Gao Kadal, Ghulam Ahmed Kalbaf, 32 years Fateh Kadal, Amir Joo Makai 35 years Nawa Kadal, Shaaban Joo Makai 60 years Nawa Kadal, Subhan Khan 22 years Nawab Bazar, Abdul Khaliq 30 years Watal Kadal, Mohammad Akbar 33 years Zaldagar, Abdul Qadir 26 years Bahauddin Sahib, Ghulam Rasool Dora 27 years Gotapura, Ahmed Rather 30 years Nowshehra, Ahmed Dar 30 years Nowshehra and Wali Wani 50 years Batapura.

The Mahraja was not allowing any memorial of these martyes and want to burry them in their respective graveyards. Due to public pressure the Government had granted permission to Mir Waiz Molana Muhammad Yousaf Shah to make funeral arrangements of the martyrs. Twenty two funerals were buried at the graveyard in Hazarat Khawaja Naqshband shrine in the old city and the graveyard has since known as Mazar-i-Shuhada (mausoleum of martyrs). From that day every year people of Jammu and Kashmir are observing this day as Kashmir Martyrs Day. The tyrannical rule of Dogra rulers ended in 1947 but the people of India-occupied Jammu and Kashmir are still under occupation and oppression of India and they are struggling for liberation and right to self-determination

# ICC HAUNTING CHALLENGES BEFORE NEW PROSECUTOR

A British-Pakistani barrister Karim Khan took over as the International Criminal Court's top prosecutor on Wednesday with a pledge to improve its track record by taking only its strongest cases to trial. In February, he had won the votes of 72 out of 123 countries, while having his nine-year term started on June 16. He replaced Prosecutor Fatou Bensouda of Ghana.

Syed Qamar Afzal Rizvi

It is no surprise that more than 120 countries elected Khan as the next Prosecutor of the International Criminal Court, which remains so far as one of the toughest jobs in international law because The Hague-based tribunal seeks justice for the world's worst atrocities war crimes, crimes against humanity, and genocide. His predecessor, Fatou Bensouda in for the last several years had sought to broaden its reach beyond its early all African focus including Afghanistan, Palestine which is a party to the Rome Statute and Georgia. The Rome Statute the founding treaty of the International Criminal Court is nowadays regarded by many as the most important treaty since the adoption of the Charter of the United Nations in San Francisco in October 1945. The Rome Statute, which established the first permanent International Criminal Court in the history of mankind, entered into force on 1 July 2002 with 66 ratifications. Today, nine years later, the Rome Statute has 116 States Parties. The Rome Statute contains a comprehensive codification of genocide, crimes against humanity, war crimes and of the crime of aggression. This comprehensive codification is based and this is significant if not revolutionary on the free and voluntary consent of the international community. The Hague-based Court prosecutes these crimes if and when national criminal systems fail. The principle of complementarity, as provided for in particular in Article 17 of the Rome Statute, is the decisive basis of the entire ICC system. The court has eighteen judges, each from a different member country and elected by the member states.

It requires its members that the judiciary must include representatives of each of the United Nations' five regions.

Judges and prosecutors are elected to non-renewable nine-year terms. Accordingly, the President and two Vice Presidents of the Court are elected from among the judges.

Over the years, The International Criminal Court (ICC) the intended centrepiece of a global system of justice for the most serious international crimes has had serious problems. Some of these have been caused by poor judicial decisions.

Others resulted from policy missteps, including inadequate investigations and a prosecutorial docket disproportionate in size to staffing. Other difficulties have stemmed from insufficient funding and a lack of robust diplomatic support for

the ICC by its States Parties. This second set of obstacles has been exacerbated by the Court's performance shortcomings.

Finally, but unsurprisingly, the ICC has faced intense opposition from the United States, particularly under the Trump Administration. In order to understand

Prosecutor's specific challenges, it is important to respect the legal architecture adopted by the Rome Statute thereby providing and systematically distinguishing the different players and the three substantial activities that should be exclusively performed by the OTP. Firstly, like no other previous prosecutor in the world, neither national, nor international, the ICC Prosecutor has the independent and exclusive authority to propose where and when the Court should intervene; the OTP is 'the gatekeeper' of the entire Rome Statute connecting the national system with the Chambers of the Court. Secondly, as in some national jurisdictions and in the ad hoc international tribunals for the former Yugoslavia and Rwanda, the ICC Prosecutor must conduct the investigations. Thirdly, like any national prosecutor, the OTP has to litigate before the Chambers of the Court.

The Prosecutor's autonomy to direct the OTP's "orchestra" is almost absolute regarding the decisions to conduct preliminary examinations and to trigger or not the Court jurisdiction. It is still broad during the investigation phase where the Office will identify the suspects.

But it is very limited during the court proceedings, and the Judges have the exclusive authority to decide on the issuance of arrest warrants and the individual responsibility of the defendants". In February 2021, the ICC's Pre-Trial Chamber (PTC) decided that the ICC has jurisdiction to investigate allegations of international crimes in the Occupied Palestinian Territories (Gaza and the West Bank, including East Jerusalem).

Based on the Palestinian Authority's self-referral to the Court, it is now open to the Prosecutor to open a formal investigation into the situation in Palestine.

The PTC also ruled that the ICC was not able to pronounce on whether Palestine had achieved "statehood" in international law. It was enough for the ICC to establish that the Palestinian Authority had acceded to the Rome Statute and that the ICC, therefore, had jurisdiction over the territories concerned, considering Palestine's status as an 'Observer State' at the UN.

The new ICC Prosecutor will work in a completely different environment. After more than 18 years, the Rome Statute is part of the international landscape, the Court's existence is no longer at risk. What remains up for debate, however, is its

relevance, and more broadly, the relevance of international law to manage violence and protect individuals in the 21st century. A challenge for Karim Khan is to continue to navigate this investigation in light of US opposition. While new US President Joe Biden's Administration has signalled a better relationship with the Court and indicated that the sanctions will be “thoroughly reviewed”, the sanctions on the current Prosecutor remain in place. Moreover, the implementation of the OTP Strategic Plan 2019-2021 based on broad spectrum six goals will be ensured through the development and application of practical action plans. The link between this strategic plan and the budget proposal 2020 has been made.

The monitoring of the implementation of the plan will be integrated into the OTP performance dashboard.

The Office will use performance indicators to report to its stakeholders on the progress made and to perform an end-of-cycle evaluation of the plan in advance of the production of the next strategic plan for the 2022-2024 cycle.

## KASHMIR ISSUE REVISITED

**Owing to its beauty and geostrategic importance, Jammu and Kashmir continues to remain a flashpoint between India and Pakistan leading to intermittent wars and subsequent social, economic and political losses to both countries.**

Unlike other countries which are determined to move towards better foreign policies and friendly relations on socio-economic, political and cultural fronts, the nuclear neighbours are deeply mired in a rivalry over the Kashmir issue which is not only a threat to South Asia but to the world as a whole. Due to this offensive and defensive game, both India and Pakistan have been developing their military capabilities and spend large amounts to develop sophisticated arms. They care little to develop human capital, resulting in a lag on every human development index.

The history of the Kashmir conflict dates back to the partition in 1947. The state of Jammu and Kashmir was among the princely states that were given a free hand to join either side or to remain independent. Then ruled by a Hindu maharaja, Hari Singh, both India and Pakistan strongly claimed ownership of the state and even sent troops to occupy it. Owing to this, the maharaja signed the Instrument of Accession to the Union of India leading to the first war on Kashmir.

The war led to strained relations and subsequent wars in 1965 and 1999, causing a huge loss in terms of men and material. Between the 50s and 80s, both countries remained in a state of cold war and tried their best to strengthen their military capability to contain and undermine each other.

Keeping in view the gravity of the issue, a number of attempts were made by the international community and by both, India and Pakistan, to peacefully resolve the issue. A resolution by the UNSC after the first war stated, “The question of accession of the state of Jammu and Kashmir to India or Pakistan will be decided through the democratic method of free and impartial

plebiscite.”

However, this could not happen as India did not comply to the UNSC resolution and refused to withdraw its forces. After that, the UN intervened in 1949, and brokered a ceasefire line, the Line of Control (LoC), that divided the two countries resulting in a

Ali Hassan Bangwar

disputed territory. The International community then didn't interfere, whereas the Pakistani leadership tried to resolve the issue, but failed due to India's hegemonic and rigid attitude.

Meanwhile, the 1992 terrorist attacks in Pakistan, and the Mumbai attacks fueled the fire on both sides as both accused each other for the mess. The water dispute also remained a great obstacle. The origination of the water source of both the countries from the disputed territory of Kashmir is an important hurdle in the peace process. Pakistan has reservations that if Kashmir acceded to India, Pakistan may not get its water share because of India's upper riparian position and would cause a great loss to the country's agricultural output. India, on the other hand, is not in a position to lose its upper riparian position as its dams and other irrigation projects are likely to suffer if the Indian claim to Kashmir is lost.

As per analysts and experts, the issue of Kashmir is one of the greatest threats of the 21st century. If not resolved, it may lead to nuclear war wreaking havoc across the world.

It's high time for governments on both sides to end this bloody game and formulate a peaceful way out. Both governments should show seriousness and flexibility in diplomacy in this regard and a solution under the auspices of the UN should be sought. As we have seen, the issue of the Falkland Islands was resolved after 181 years through a referendum under UN supervision. Similar privileges should be given to the people of Kashmir, a failure of which may make the two countries suffer incalculable losses and unimaginable horror.

## **Kashmir Martyrs' Day: PM Imran Khan says Pakistan stands with Kashmiris**

ISLAMABAD: Prime Minister Imran Khan on Tuesday said

Pakistan stands with the Kashmiris in their just struggle and will not compromise till they get their right to self-determination guaranteed by resolutions of the UN Security Council. “We stand with Kashmiris on the Kashmir Martyrs' Day and pay tribute to 22 Shuhada of 13 July 1931, martyred when the Dogra Maharaja's soldiers fired on peaceful protestors,” the prime minister said in a tweet. The premier said the struggle of Kashmiris against tyranny and illegal Indian Occupation is “steeped in a history of resistance and sacrifice”. “This indomitable spirit of resistance remains alive as Kashmiri men and women continue to fight illegal Indian Occupation,” he said.

### **AJK President demands India be held accountable for its crimes**

Azad Kashmir's president called upon Pakistani experts on international law to sit together and prepare a strong case against India to ensure the protection of the national and strategic interests of Pakistan and Kashmir. Azad Jammu and Kashmir (AJK) President Sardar Masood Khan Wednesday demanded that India should be held accountable for committing crimes against humanity, war crimes, and trampling international laws, treaties, and covenants.

Addressing a conference titled “Lawfare Doctrine for Pakistan” organized by the Center for Law and Security (CLAS), in the federal metropolis, the AJK President said that the people of Pakistan and Jammu and Kashmir have a legal case regarding occupied Jammu and Kashmir, according to the AJK President office. But despite Pakistan's strong legal position, we are not getting the desired success because of India's efforts to use lawfare as an instrument for legitimizing its state-sponsored terrorism in IIOJK, oppression against

Kashmiri civilians, and pushing for Pakistan's diplomatic isolation. While stressing the international law experts and decision-makers to redesign policy to win the Kashmir war, Masood said that we will have to think in what sense the Kashmiri people fighting in their self-defense and in accordance with the UN Charter, Security Council resolutions, and internationally recognized canon of self-defense were being dubbed as terrorists while the occupation troops killing innocent and defenseless people were absolved of their crimes. “The legitimate struggle of Kashmiris is being falsely portrayed as terrorism by delegitimizing the concept of self-

defense or fighting for your rights, a canon which has been recognized by UN Charters and several UNSC resolutions”, he added. He maintained that India's heinous attempts were not confined to Jammu and Kashmir alone; it was also using the FATF to cripple Pakistan economically. “India is hatching conspiracies against our nuclear program, and is overtly and covertly attempting to sabotage the strategic China-Pakistan Economic Corridor Initiative,” he added. He went on to say that since the Indian actions in IIOJK in August 2019, the term lawfare has been frequently used in Pakistan, but now this must not be used merely in speeches and as a reference. Instead, our experts on international law should sit together and prepare a strong case against India to ensure the protection of the national and strategic interests of Pakistan and Kashmir.

“For the past five years particularly after August 2019, we have been literally in boot camp learning about the lawfare. We have done so many seminars, webinars, discussions, and I would say that now is the time to put into practice what we have learned”, Khan asserted. The seminar was also addressed by former Chairman Joint Chiefs of Staff Committee Gen. Zubair

Mehmood Hayat, former Pakistan Law Minister Ahmed Bilal Soofi, Chairman Governing Body of the Center for Law and Security Faisal Mushtaq and others.

### **AJK President pays homage to Kashmiri freedom fighter Dr Faktoo**

Azad Jammu and Kashmir President Sardar Masood Khan on Thursday termed Kashmiri leader Dr Qasim Faktoo as a great hero of Kashmir freedom movement saying that sacrifices

rendered by Faktoo family will never be forgotten by the Kashmiri nation. He was addressing a launching ceremony of a book “Bang” authored by Dr Qasim Faktoo, who has been serving life imprisonment till death in an Indian Jail.

The book launching ceremony organized by Kashmir Youth Alliance and held at Kashmir House Islamabad was also addressed by Senator Mushahid Hussain Syed, Senator Irfan Siddiqui, Senator Dr Zarqa Suhrawardy, President Kashmir Youth Alliance, Dr Mujahid Gilani, Waleed Rasool, and other speakers. Paying homage to the author of the book, President Sardar Masood Khan said Dr. Faktoo and his wife Asiya Andrabi have written a history of sacrifices for the liberation of their motherland. He said that people of Indian Occupied Jammu and Kashmir, AJK and Pakistan pay tribute to Dr Faktoo and his spouse Asiya Andrabi, Syed Ali Gilani, Yasin Malik, Shabbir Ahmad Shah and other leaders who spent most of their lives in jails and endured horrific pain and suffering in the struggle to get their motherland liberated from alien rule. Expressing his gratitude to Dr Mujahid Gillani, President Kashmiri Youth Alliance for highlighting the long struggle of Dr Qasim Faktoo and the other political leaders who have faced the tyranny of the Indian authorities, President Khan said the book written by Dr Faktoo gives an insight into the political and social fabric of IOJK society as well as the political history and the liberation struggle of Kashmiris. Saying that the book also highlighted how the various ethnicities have been used to rule

Kashmir in the past seven decades, Khan said that this book is a good source of information for readers interested in history, politics and social ethos, peace and the threat of war that may arise due to the unresolved Kashmir issue. Saying that India has always used the bilateral talks as a time-buying ploy to consolidate its occupation of Kashmir, Masood Khan said that if India wanted to negotiate with Pakistan and Kashmiris, the talks offer should have come from Narendra Modi, its Home Minister Amit Shah or Ajit Doval, the head of India's national security. “We must not think that Kashmiris are struggling for their own freedom which has nothing to do with Pakistan. Kashmiris are struggling for their liberation as well as a war to ensure Pakistan's defense and security”, he cautioned. It is our responsibility and duty to help Kashmiris in their struggle to achieve freedom. If their struggle to attain freedom fails the peace of the region and the existence of Pakistan will be at peril, he went on to say. Sardar Masood further stated that when Indian occupied Kashmir in 1947, the Muslim population in Jammu was 61%, and later thousands of Muslims were massacred and millions of them were pushed to Pakistan that decreased the Muslim population in the region to 33%. Now India has adopted the same strategy for the Kashmir Valley where Muslims are in absolute majority. President Sardar Masood Khan said that Dr. Faktoo's book 'Bang' should be taught as a textbook in educational institutions so that our new generation could get acquainted with Hindutva ideology and ill-intentions of Hindu leaders against Muslims and Pakistan.

### **It would be foolish to accept US arbitration on Kashmir: AJK PM**

ISLAMABAD: AJK Prime Minister Raja Farooq Haider Khan

Wednesday said that it would be foolish for Pakistan to ask the US to arbitrate on the Kashmir issue with India. “The government of Pakistan cannot take matters like this after India's usurpation of occupied Kashmir on August 5,” said Haider. He said that the upcoming elections in Azad Kashmir will be fought against the agenda of partition of Kashmir. The

AJK premier, who was flanked by his cabinet members, and party members, announced to stay away from the scheduled briefing on national security on July 1 as a protest. He said this while addressing a news conference here and asked who gave Prime Minister Imran Khan the power to change the map of Kashmir? “If they want to forget the past, forget it. We will not forget,” he emphasized. He alleged that Imran and Modi are two sides of the same coin. Farooq Haider of the PML-N alleged that Imran Khan has made the post of prime minister controversial and charged he (Imran) was carrying out naked aggression to win the election of Azad Kashmir. He ruled out the possibility of any political dialogue with PM Imran, as he would only do tampering with the ball.

### **Kashmir Martyrs' Day**

Kashmiris on both sides of the Line of Control and the world over are observing Kashmir Martyrs' Day today to pay homage to the martyrs of July 13, 1931. The All Parties Hurriyat Conference (APHC) has appealed to the Kashmiri people to mark the day with a complete shutdown in Indian Occupied Kashmir, according to a *Radio Pakistan* report. On July 13, 1931, the troops of Dogra Maharaja had killed 22 Kashmiris, one after the other, outside the Central Jail in Srinagar during court proceedings against Abdul Qadeer, who had asked the Kashmiri people to defy the Dogra Rule. Thus, 22 youth sacrificed their lives till the completion of Azaan. A march towards the Martyrs' Graveyard at Naqashband Sahib in Srinagar will also be held today where the martyrs of July 13 were buried. In a statement in Srinagar, an APHC spokesperson said that the objective of the shutdown and march is to convey to the world that the Kashmiris will never accept Indian subjugation.

### **Pakistan urges UNSC to act immediately to protect children in held Kashmir**

UNITED NATIONS: Pakistan urged the UN Security Council on Tuesday to act immediately to protect children in conflict zones, particularly in the India-occupied Jammu and Kashmir [IOJK] where Indian forces have been deliberately targeting children with pellet guns. “The scale and intensity of today's conflicts is stretching our capacity to protect children,” Pakistan's UN Ambassador Munir Akram told the world body. “Nowhere is this grim reality starker than in today's IOJK. More than 300 innocent Kashmiris, including women and children, were killed in fake encounters and staged cordon-and-search operations,” the ambassador said in his written

statement to the Security Council. In a report to the council on Monday, UN Secretary General António Guterres urged India to end the use of pellets against children in Occupied Jammu and Kashmir and stop associating children with the security forces in any way. In its written statement, Pakistan reminded the Security Council that during 2020, some of the worst atrocities and state terrorism took place in IOJK: More than 750 Kashmiris were critically injured, while 2,770 innocent Kashmiris were arbitrarily detained, and 922 houses destroyed as part of collective punishment inflicted on the Kashmiri communities. Pakistan reminded the council of a gut-wrenching picture of a three-year-old Kashmiri boy sitting on the body of his grandfather (Muhammad Bashir) killed by the Indian forces that went viral on the internet, drawing ire from social media and civil society. The three-year-old boy was shown sitting on top of his motionless grandfather as he cried. Such inhuman actions are not only in violation of the UNSC resolutions on Children and Armed Conflict but are also in breach of the 'best interests of the child' principle under the Convention on the Rights of the Child, to which India is a state party,” Ambassador Akram said. The worsening situation and increased attacks against children in IOJK, as reported in the latest report of the Secretary General, “calls for Security Council's intervention by holding India accountable for its grave breaches of international humanitarian law and war crimes in IOJK,” he added. Quoting from the Secretary General's latest report, Pakistan pointed out that: The overall number of grave violations remained alarmingly high at 26,425. These violations include the continued killing and maiming of children, the recruitment and use of child soldiers, sexual violence and abduction, attacks against schools and hospitals, and denial of humanitarian access. The report further revealed that the ongoing Covid-19 pandemic has exacerbated difficulties in the protection of children affected by armed conflicts, with humanitarian agencies finding it hard to conduct their work safely. “Whatever the causes of modern-day brutality towards children, the time has come to call a halt. These acts must end, and perpetrators must be held to account,” the ambassador said.

The Secretary General's latest report also has expressed deep concerns on the “grave violations” against children in occupied Jammu and Kashmir by the Indian security forces. It also “raises alarm on the continued illegal detention of (Kashmiri) children, torture in detention and detention without charge or

due process. “In view of these serious concerns, the Secretary-General has rightly urged the Indian government to 'immediately end' such practices and take 'preventive measures' to protect children, including by 'ending the use of pellets against children' in IOJK,” Ambassador Akram said. He informed the council that

despite persistent concerns raised by multiple Special Rapporteurs and Mandate Holders of the Human Rights Council and experts on Children and Armed Conflict, the human rights and humanitarian situations continue to deteriorate for the innocent children of IOJK since Aug 5, 2019.
